

School Behaviour Expectations

January 2021

The following behaviour expectations are expected by all of our pupils when they are in school during the third national lockdown.

We have undertaken a whole school risk assessment that has informed changes to our provision: curriculum, routines, some policies, classrooms, dining rooms and other aspects of our environment. The school is taking all reasonable steps to manage the return of all pupils with the safety and wellbeing being of paramount importance. Our school risk assessment is updated on the school website on review.

The school will take all reasonable steps to safely manage the school environment and keep our whole school community safe.

The school will take all reasonable steps to ensure that our pupils follow good hygiene, reduce mixing and where possible observe social distancing. It is however important that we clarify that we cannot guarantee that pupils will at all times manage social distancing and good hygiene whilst in school.

Behaviour Expectations

- Comply with Orchard Manor's existing expectations: Always listen to and follow staff requests and instructions: wear the correct school uniform, do not bring mobile devices into school and be in the right place at the right time.
- Consistently following staff instructions.
- Comply with ALL Covid-19 guidance provided, displayed, introduced, explained and modelled
- Follow the hygiene and social distancing rules and signs to keep myself and others safe.
- Do not bring personal items into school such as bags, stationary, mobile devices
- Behave sensibly so that I do not put others at risk (i.e. NO coughing close to others, spitting anywhere, touching or hurting others, running off, etc.).
- Frequently and regularly wash my hands thoroughly with soap and water.
- Good personal hygiene including using tissues to catch coughs and sneezes and 'binning' the tissues after use.
- Only enter rooms that staff direct me to enter.
- Only mix with other pupils I am told I am able to.
- Not to try to enter any of the closed rooms or buildings on the school site.
- Tell staff immediately if I start to feel ill / unwell.
- Always try my best to safely take part in all the learning and other activities provided by staff whilst I am in school.
- Consider and help to maintain the safety of everyone in school, not just my own.
- Always behave safely whilst I am travelling to and from school.
